Classic Cafes

Because Presentation is Everything

Are you looking for attractive, durable covers that are priced right? You'll find them right here! Our easily cleaned Cafes feature sturdy, heavy-gauge clear plastic that won't yellow, crack, shrink, or warp. (Yes, it's laser-friendly, too.) Our binding uses strong, color-matched nylon thread for a beautiful look that lasts. Dozens of colors come in cloth-backed materials, splashy wet looks and striking Bengaline fabrics.

Also, you can choose single, double, triple and quad combinations. (We've done up to six pages, 12 views. And yes, you can have half pages too.) Metal corners, contemporary or fancy, are available in gold or silver. What else do you need? You can add accessories to include everything from sewn-in pockets to slip-in pages. And you can personalize your covers with decorative options like custom screen printing and/or foil stamping.

Letterfold triples, which provide six viewing pages, open wide to showcase an expansive menu.

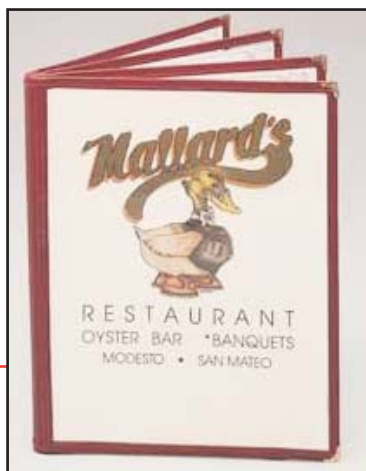

Doubles present four viewing pages, available in your choice of widths and heights.

Book style triples give you six viewing pages in an easy-to-handle, patron-friendly format.

Coordinated check presenters carry your menu motif right up to the cash register.

Quads have a total of eight viewing pages. Interior panels are made and cornered to match the covers.

Singles feature two viewing pages and are ideal for shorter menus. May we suggest this as a companion wine list to your menu?
